Briefs.

—The meeting of ladies and society of the Baptist church will be omitted this week.

—Jamesville City Lodge No. 30, I. O. O. F., occupy Odd Fellows hall this evening.

—Concordia masquerade at the hall, Mitchell block, this evening. The public is invited. Good time for all.

—Oriental Lodge No. 22, Knights of Pythias, hold a regular weekly meeting in Castle hall, Main street, this evening.

—Prof. Severance will be at Apollo hall this evening, to instruct his pupils. Social at the conclusion of the dancing lesson.

—Judge John R. Bennett has gone to Jefferson to resume the trial of cases at the February term of the Jefferson county circuit court. He has about two weeks work there.

—One of our city physicians rode sixteen miles into the country yesterday forenoon during the height of the storm, to make a professional visit.

—It is said that the police court will furnish a new item if certain so called young ladies (2) persist in creating a disturbance in the entry of the First M. E. church during service.

—The Chicago Milwaukee & St. Paul railway with considerable energy succeeded in cleaning their tracks of snow, and all of their trains were running on time this morning.

—The Rev. Dr. Witt Tullage will lecture in this city sometime in March. The date and subject will be announced in a few days. The lecture will be given in the Congregational church.

—Mr. Jas. Long, well known to the trade by his long connection with the establishment of McKee & Bros., can now be found with J. M. Bostwick & Sons. He now invites all old friends to call and see him.

—Rev. Jenk L. Jones, of Chicago, will deliver a lecture before the Mutual Improvement club, next Friday night, at the parlors of All Souls Church. Admission 10 cents. All are cordially invited.

—The Concordia society has received a fine assortment of costumes from the well-known Milwaukee costumer, M. Grasser, which will be ready for those who intend to represent characters at the masquerade this evening.

—At seven o'clock this morning the thermometer indicated 21 degrees below zero at the home of the city editor of the Gazette, on Bluff street, second ward.

—The residence of City Clerk Church Terrace street, first ward, was 24 degrees below zero, which is the lowest point reported to us.

—The First M. E. church people have their next social at Wilbur Austin's, two miles west of the city on Wednesday evening. They have secured sleighs to take all who wish to go, which will be at 10 o'clock at half past seven o'clock. The sleigh ride with a good supper including meat and milk, all for twenty-five cents.

—The snow blockade has put an embargo on railway travel. The trains on the Chicago and Northwestern road have been stopped, and there is no telling when they will get through. One train has arrived on the St. Paul road from Milwaukee since yesterday morning.

—Both companies are working hard to raise the blockade and put their trains on the regular time.

—Tickets for the masquerade of the Janesville Guards, to be given on Friday evening, are for sale at Palmer & Stevens, Prentice & Evenson's, and Whiton & McLean's. A large number of costumes are being prepared and the public may confidently expect to see many excellent characters represented.

—Remember on Friday evening, at the Guards' armory.

—The benefits of advertising were made apparent one evening last week when a west-side lady stepped into a book store and while waiting for a friend suggested to the gentlemanly proprietor that if she had her glasses she might read. He answered very kindly, "I'll lend you mine," and produced from his pocket a pair of eye glasses which the lady had lost six months before. An explanation revealed the fact that they had been picked up in front of his store. If the lady had failed to advertise them she might have been looking yet.

—Mr. J. L. Ford, the popular West-side custom clothing man, is already in receipt of a full assortment of spring suitings, and fashion plates, for the mild weather trade in the near future.

—As soon as the mercury returns from its present exploit, Mr. Ford's store, in the columns of the Gazette, will be filled with an announcement of what he proposes to do for the people of Janesville and vicinity, in the way of spring overcoats and other goods adapted to a mild temperature, in the meantime he will continue to give bargains on winter goods.

—Mr. Frank Taylor, employed in Hemming's brewery, on Franklin street, was scalded this morning about the face and hands. Mr. Taylor was at work in the brewery, thawing out pipes with boiling water, and in going through a room filled with steam, he stumbled and fell, having a pail of boiling water at the time, which splashed in his face and on his hands. Mr. Hemming immediately summoned a doctor, and the scalds were attended to at once. The injured man was taken to his home where it is thought his injuries will not prove serious.

—A ground hog which forgot to come out and look for his shadow, on Sunday's mass day, was noticed this morning in the grove near the foot of Main street, taking observations from the ridge pole of a snow bank, that loomed up above the fence. It seemed well satisfied with the result, and quietly returned to its burrow for another nap. People who endeavor to impose on these innocent little animals by trying to induce them to come out of their winter quarters so early in the year, should remember that it "takes several swallows to make a spring." Any ground hog which is so unfortunate as to be leading around in a linen duster, just because it couldn't give a shadow pantomime performance on the second day of February, is entitled to sympathy, and excursion route to New Orleans.

—Speaking of the Adamless Eden company, which appears at Lappin's Music hall to-morrow evening, the Boston Globe says: "The performance was unlike anything ever seen in Boston, and seemed to give satisfaction to the large audience. The show is of a variety character, and the programme is lengthy. Some of the ladies are excellent singers, and the ladies' orchestra and brass band was a novel feature. The performance in its entirety was a very acceptable one. Miss Alice Townsend gave a very artistic rendition of the part of the 'masher,' and received several accolades, and, indeed, she is the best we have seen in Boston, with the possible exception of Miss Catherine Lewis. Miss Elsie Hall made a capital appearance of police. The choruses were acceptable, and the costumes were bright and attractive. The company is sure to attract large audiences wherever it appears."

MURDER.

A Young Man Shot While Playing Cards in Magnolia Township.

Word reached the city this afternoon of a foul murder committed in the town of Magnolia, this county, on Sunday evening. The particulars of the bloody affair as related by a gentleman from Brodhead to-day are as follows: On Sunday two brothers, by the name of Rice and another young man named Larry Boylan, were at the home of Mr. George Lyon, brother-in-law of the Rice boys, playing "poker" for money. At the conclusion of a game, Boylan took the money, but was disputed by the Rice boys, claiming that Boylan cheated in playing. Boylan, undertook to get away with the stake when the Rice boys fired upon him, one with a revolver the other with a shot gun, mortally wounding Boylan, who died yesterday morning.

The young man who called at the jail this afternoon, expecting to see the Rice boys' prisoners, stated that they were arrested yesterday at their home in Desatur, Green county, by Officer Hinkley, of Brodhead, and an officer from Magnolia. No further particulars have been received at the jail here, or by the officers in the city, and the prisoners are expected when the train from Brodhead gets in, although no word has been sent to Sheriff from the Brodhead officials.

P. S. The prisoners were brought to the jail at five o'clock this afternoon.

Wedding in the Town of Fenton.

A very large party gathered, Thursday forenoon, the 8th inst., at the spacious residence of Henry Whitaker, on his farm near Indian Ford, in the town of Fenton. The occasion was the marriage of his older daughter, Evelyn Emma, to Irving L. Wentworth, of Edgerton. There were present relatives of the bride and the bridegroom from different parts of the town, from Beloit, Janesville and elsewhere in the state; and some other families, not relatives, in the neighborhood. Many of Miss Whitaker's young friends from Milton and Johnston, particularly her classmates and other old students of Milton college, of which she is a graduate, came to witness the ceremony, which was performed by President W. C. Whitford, and to congratulate her. A bountiful dinner was provided for the guests, and the couple took their leave, amid a shower of good wishes, for a brief visit in the northern portion of Wisconsin. Numerous and valuable gifts were presented to the bride, as the following list shows: Bank check, \$200, by her father; bank check, \$50, and embroidered table spread, both by her mother; set of solid silver teaspoons, Mr. and Mrs. W. T. Hall, Beloit; gold lined sugar spoon, Mrs. Cassa H. Shepley, Beloit; two pieces of statuary, Miss Anna Shepley and Master Willie Shepley, Beloit; illustrated book, "Curfew Must Not Ring Too-Night," Frank L. THE NEW LIGHT.

The Siemens' Patent Gas Burner at the Chicago Store.

The Siemens' gas burner, which was noticed in the Gazette some days ago, was given a test at the Chicago store on West Milwaukee street last evening, and was pronounced a complete success by all who witnessed it, and Mr. Childs, of the firm, is more than satisfied with its illuminating power. Last evening the gas was turned on for three hours, during which time 150 feet of gas was consumed, at \$2.20 per 1,000 feet, making the expense about 11 1/2 cents per hour. This one burner illuminated the entire store as well, if not better, than an electric light, at the same time producing a steady, mellow light, that was not tiresome or blinding to the eyes, and had a bright natural effect upon the surrounding objects. The objection that the burner generated unnecessary heat, was met and overcome by the excellent ventilating and purifying fixtures connected with the burner, and the entire absence of the unpleasant sounds connected with electric lights. This light appeared to be fully as brilliant as an electric light, and certainly had as powerful and more pleasant illuminating powers for store purposes than any electric light yet exhibited in this city. We understand that Mr. Deniston will soon have one of these burners in his grocery establishment, and others will no doubt adopt the same course.

The Chicago store will be illuminated this evening, when the public can see the brilliant power of one of these new burners.

For Ladies Only.

This is not an advertisement for the Adamless Eden performance at Lappin's hall to-morrow evening, or for any quick doctor who devotes his afternoons to private lectures for the benefit and enlightenment of our mothers and sisters. But it refers to a matter of vital importance to every woman in the city or county, who is interested in warm, comfortable winter garments, at prices within the reach of a large number of the readers of the Gazette.

The cloak case which is now in progress at the store of Messrs. Pfitzer & Zeigler, furnishes the best opportunity for bargains in this class of goods that has ever been offered in Janesville. When a cloak of any description ranging in price and quality from the cheapest to the finest seal plush, can be bought at less than the cost to manufacture, no argument is necessary, and the ready sale of this lot of goods is proof that they are appreciated.

This special cloak sale will close on Saturday evening the 14th inst, and any lady who has not examined the stock, and who is in want of any kind of a cloak, will find it to her advantage to look through the cloak department of which we write.

This is a genuine sale of consigned goods, and the prices speak for themselves. Call before the sale closes and see the finest assortment of cloaks ever offered in the city.

The best on earth, can truly be said of Griggs' Glycerine Salve, which is a sure and speedy cure for cuts, bruises, scalds, burns, wounds and all other sores. Will positively cure piles, better and quicker than any other remedy. Satisfaction guaranteed or money refunded. Only 25 cents. Sold by Sterns & Baker.

Church Notice.

The Recorder of this morning, in referring to the music rendered at Court Street M. E. church last Sabbath evening, takes occasion to criticize one of the numbers as being too operatic and says that the selection was unfortunate.

Without discussing the merits or demerits of this particular case, the Gazette will improve the opportunity to say that "operatic" music is not in demand and never ought to be tolerated in a church music, as a part of sacred service in the house of God, should be in keeping with the surroundings and by its simple, soul-inspiring sentiment, help to elevate the thought into a purer atmosphere. Next to the work of the minister as he stands before the people, and by prayer or earnest exhortation leads them out to broader and more lofty views of life, is the mission of the song service, which, if in harmony with the day and place, acts as a wonderful adjunct to the exercise.

The average church goes through the exercises of either city or country, are not music critics. A large proportion of them are rarely seen at the opera. The great mass of church goers observe the ordinances of the house of God, because of a reverence and love which springs from a Divine origin. To this class of church goers, sacred song, rendered with a pathos, that should be cultivated more than any other accomplishment, in rendering church music, becomes a part of the service eloquently interwoven as to lead the mind out of the weary ruts of every day life up into the restful and more hopeful state of existence.

The most popular and successful composers of sacred music, are the men who have come to realize that church music is a part of divine worship too important to supplant with operatic composition. What we want in all our churches is simple music full of sentiment that touches a responsive chord and vibrates through the house of God, causing hearts to turn heavenward in an ecstasy of joyful thanksgiving. Of late, there has been a great revolution in Chicago and other large cities, in regard to church music. The more simple and beautiful the songs, such as will reach the popular heart and add special interest to the Sunday service, is the music the people want, even the most cultured audiences, and it is the music that the ablest choirs in the land are now, as a rule, furnishing the large churches.

The Weather.

At seven o'clock this morning the thermometer indicated 21 degrees below zero. Clear, with northwest wind. At one o'clock p. m. the register was 14 degrees below zero. Clear with west wind. For the corresponding hours one year ago the register was at zero and 33 degrees above zero.

Presidential Inauguration March 4th, 1885.

For the above occasion, the Chicago Milwaukee & St. Paul railway company will be prepared to furnish excursion tickets from its various stations. The rate from Chicago for the round trip will be twenty dollars. To this rate will be added one and one-half fare from stations in Wisconsin. The Janesville passage will be \$23.54. Tickets for going passage will be good, February 25, 27, 28, and March 1, 2, 3; and the return trip may be made on any train leaving

Washington before March 10th. The final limit to all excursion tickets will be March 12th.

OBITUARY.

Word reached the city this noon that Ex-County Treasurer B. F. Cary, died yesterday afternoon at his home near the Rock River house in the town of Janesville, and that his funeral will take place tomorrow, the remains to be conveyed to the cemetery at Johnston for burial.

Mr. Cary was elected county treasurer of Rock county in 1870 and again re-elected in 1872 and again in 1874, serving six years, and was a man in whom all had the greatest confidence and respect. He was a member of the assembly in 1861, representing the old Johnston district, and was chairman of the board of supervisors of Johnston a number of years, representing that town in the county board. He had been suffering for some years with Bright's disease, the immediate cause of his death. He was an early settler in Rock county, and was well known by all the early pioneers.

Death entered the home of Conductor and Mrs. A. J. Wadsworth, Academy street, Fifth ward, this morning, and took from the family circle little Mattie Louise, the pet of her parents. The summons came to the now darkened and sorrowful home in an unexpected moment, and the fond parents were completely unnerved at parting with their cherished child, who had been sick but a few days, with scarlet fever. In their great bereavement and deep affliction the grief-stricken parents have the sympathy of the entire community. The funeral took place late this afternoon, brief services being held at the house by Rev. Dr. Conover, of Trinity church, and the remains were buried in Oak Hill cemetery.

ALBERT M. HEATH.

After long, weary months of suffering, with consumption, Mr. Albert M. Heath expired this morning, at his home on Cornelia street second ward, leaving a wife and two children to mourn his death. The deceased was well known in this city, although he had been confined to his home and bed for so long a time that many had forgotten him. His intimate friends who have almost daily visited him, and administered to his wants, long since gave up hope for his recovery, and his death to them was not unexpected. His funeral will take place on Friday, the hour not yet being named.
